

Introducing Beanstack:

For Blair County Libraries Summer Quest

What is 'Beanstack'?

Beanstack is our web-based Summer Reading Program management software. It allows you to track your minutes, view upcoming events, and receive weekly, personalized book and event recommendations!

How do I sign up? It's easy!

1. Go to blaircountylibraries.beanstack.org and click the orange "Register an individual or family" button
2. Fill in the information! If you are a parent registering a child, be sure to enter your information under "Adult Information." Beanstack allows families to be linked together, so that all family members can be accessed with one login.

How do I log minutes?

1. Go to blaircountylibraries.beanstack.org
2. Sign in to your account using the username and password you created at registration
3. Click on the purple "Log Minutes and Activities" button in the upper right hand corner
4. Follow the prompts on the screen to record your minutes
5. When you hit a reading milestone, you will receive a badge and will be eligible for a prize!

Do I get credit for activities?

Absolutely!

Most libraries' programs include activities for you to participate in to enhance your summer reading experience – see each program for info!
